

Instructions for TEATOP™

1. Always clean TEATOP with dish soap and water before use.
2. Use TEATOP to infuse hot or cold beverages, tinctures & concoctions.
3. Use TEATOP to strain cold liquids by securing with mason jar ring and pouring through mesh.
4. For kombucha, invert TEATOP and secure with mason jar ring. This allows oxygen in and keeps pests out.

WARNINGS

for TEATOP™ Please Read

WARNING: Ingesting food or drink that has been improperly stored in a jar can cause sickness or even death.

It is your sole responsibility to follow safe handling of ingredients and procure safe instructions for infusions. Mixed Media Engineering LLC does not provide information or guidance on safe infusing procedures.
